

SERVODAY GROUP PRESENTS

COMPRESSED PALLET PLANT

ON TURNKEY BASIS

COMPLETE MANUFACTURING SOLUTION WITH ADVANTAGES:

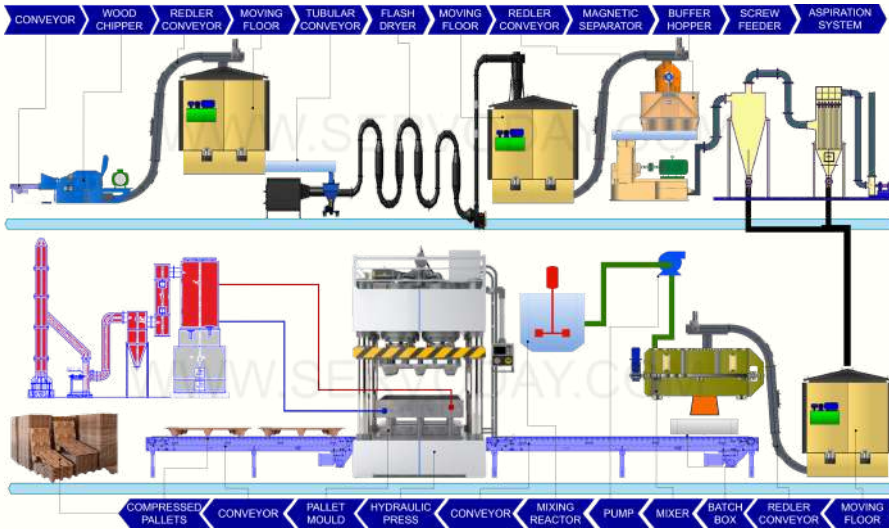

- DRUM TYPE WOOD CHIPPER
- WOOD CHIPS & SAWDUST DRYER
- TEAR DROP GRINDING HAMMER MILL
- GLUE MIXING
- HYDRAULIC PALLET PRESS
- MATERIAL HANDLING EQUIPMENTS
- THERMIC FLUID HEATERS

PRESSWOOD PALLETS

Compressed Wood Pallet

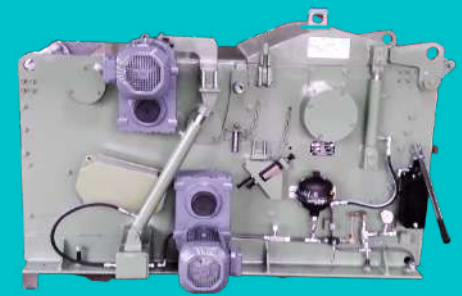

Compressed Wood Pallets, also known as molded wooden pallets, are made of wood byproducts such as waste pallets, raw wood shavings, wood waste, saw-dust and any other material containing wooden fibre. Their unique design means that they can hold substantial load capacities, whilst also being relatively lightweight. They are also both stackable and nestable, helping to reduce storage space and freight costs during shipment.

- ANTI SLIP - LOW OWN MOISTURE
- EXCELLENT MANIPULABLE
- OPENING FOR ENTRY - ISPM15 PROOF
- ENVIRONMENTALLY FRIENDLY
- 100% RECYCLED MATERIAL
- PEFC + FSC CERTIFICATION POS
- NESTABLE STACKING

COMPRESSED PALLET PLANT CAPACITY

- 125 PIECES PER DAY (24 HOURS)
- 250 PIECES PER DAY (24 HOURS)
- 500 PIECES PER DAY (24 HOURS)
