SERVO

7900 pellet mill
GEAR DRIVEN
POWERFULL
PELLETING

The SERVO 7900 Pellet Mill is a compact workhorse that just keeps running. A fine-tuned design that offers highly efficient pelleting. The SERVO 7900 combines the best of current pellet mill technology with proven features from our long-established family of gear-driven pellet mills, offering the highest output per kWh in its class.

**performance**

Robust, easy-to-maintain design Single-reduction, precision helical gearing delivers quieter operation.

The SERVO 7900 Pellet Mill utilizes a single motor and a positive direct gear drive that boasts 98% power transfer for efficiency you’ll see on Day One.

**standard features**

Compact profile, small footprint, modular design – makes the mill easy to fit into your facility. The die-area-to-kW combinations provide increased efficiency and throughput, ensuring that there are fewer blockages, and providing longer die life. Shear pin hub array – protects the shaft against foreign objects.

**key features**

**who we are**

Servoday Group is a global engineering company that serves all kinds of organisations, corporation and a private client. Servoday Group has been in the industry for more than 50 years. And, commonly known as one of the best engineering company herein India and abroad.

**what we do**

We are responsible for designing and supplying of Biomass, Wood & Feed Pellet Manufacturing Plants on TURNKEY basis.
