

SERVODAY GROUP
PRESENTS

SCRAP HANDLING ELECTRO - HYDRAULIC ORANGE PEEL GRABS

SPECIALLY DESIGNED FOR SCRAP
MELTING FURNACE CHARGING

**AVAILABLE CAPACITY FROM
0.5 TO 15 M3 (CUBIC METER)**

The most difficult material to handle is Metal Scrap, as it comes in all sizes and shapes and is never the same, we have developed extreme strong Electro-Hydraulic Orange Peel Grabs with relative low dead weights to combine extreme strength and durability.
